

Spanish Numbers 1-30 Mystery Picture

About the Author

La Profe Plotts has been a Spanish teacher for over 10 years. Before that, she taught English in Ecuador for 2 years. She has a Bachelor's degree in Spanish from Willamette University and a Master's degree in Curriculum & Instruction from Portland State. She loves teaching languages, traveling, and creating engaging and fun resources that make students excited about coming to Spanish class AND save teachers time and energy!

Thank you for downloading one of my resources!

I hope you and your students love it as much as we do! I value your feedback. Share this resource in action on Facebook or Instagram for a chance to win \$10 in resources! Make sure to tag me!

Teacher Directions

1. This activity requires students to answer the questions in Google Sheets. It is recommended that students use either a desktop computer or laptop for this activity.
2. You need to assign this Google Sheets file to students in Google Classroom or your Learning Management System. If you are providing the direct link to the Google Sheets, **make sure students “Make a Copy” before they begin working so they are editing their own document.** FILE -> MAKE A COPY -> ENTIRE PRESENTATION.
3. When a student answers a question correctly, the cells will change color and part of the image will appear. If the answer is not correct, the picture will not change. That lets the student know he/she needs to try again.

TIPS:

- * Students need to be in EDIT mode, not PRESENTATION mode to complete the activity.
- * Accents count! Make sure students are using accents if necessary. You can find a list of keyboard shortcuts **HERE**.
- * Again, students need their own copy of the mystery picture in order for it to work. You can create a force copy link to share with your students by changing the end of the Google Sheets url to /copy.
- * Zoom to 125% or 150% to see the questions better.

answer key

Los Números 1-30

Solve the math problem and write the answer out in word form in Spanish.			
uno + cinco = ?	seis	nueve + nueve = ?	dieciocho
ocho + siete = ?	quince	veinte + diez = ?	treinta
